Brief History & General Information

The El Paso Association of Legal Assistants (EPALA) was formed in February 1982 to meet a growing need among legal assistants for a professional organization to further its members' professional development and advancement of the paralegal profession in El Paso. In 2003, the membership voted to change the name of the association to the El Paso Paralegal Association (EPPA) due to recent trend toward the use of that term for those who have traditionally been referred to as legal assistants.

Some of EPPA's goals are to establish good fellowship among association members, NALA, and members of the legal community; to encourage a high order of ethical and professional attainment; to continuously educate members of the profession; to cooperate with the bar associations; and to support and carry out the programs, purposes, aims and goals of the National Association of Legal Assistants, Inc. (NALA).

EPPA is an affiliate of the *National Association of Legal Assistants* and is a member of the Texas Alliance of Paralegal Associations. Through these affiliations, EPPA members receive many benefits including shared job bank information and networks with its fellow associations throughout Texas. EPPA seeks to keep its members informed on developments in the profession in Texas, the United States and other countries.

Monthly Meetings

EPPA has its monthly meetings on the 3rd Thursday of each month currently via Zoom, link provided on website and via email from noon to 1:00 p.m. with guest speakers presenting on various topics and areas of the law for which its members receive CLE credit.

The Network

Another benefit of membership in EPPA is access to the network of knowledge and experience of the membership. EPPA's resources are an invaluable asset to those who are new to the profession, as well as to those who are more experienced, but may simply need direction on an issue outside the area of law in which they work.
